PHONE CONVERSATION FOLLOW UP 03/14/06

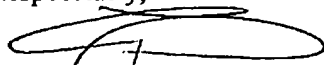

Ms. Coy,

Thank you for your time on the telephone regarding the listed application number. After review of the submitted documents from January 12, 2006 to the Patent Office, I have realized my error in not signing the Amendment document. I, as the inventor, had been diligently working to insure I had all documentation in place and acting alone to complete these documents, I mistakenly neglected this simple action.

I realize there is to be an Office Action to record this oversight, but in an effort to correct this matter, I respectfully submit to you for the records, a copy of the signature sheet from my Amendments and Remarks, page 6 of 13 from my original documentation.

I greatly appreciate your assistance and time regarding this matter.

Respectfully,

David M. Camp

Inventor
